SCHEDULE AC-2010

Avoided Costs (AC)

AVAILABILITY

Available to all Customers with a qualifying contractual generating resource up to and including 25 kW.

TYPE OF SERVICE

Available to all services BLEC offers.

MONTHLY RATE

Customer shall pay the Monthly Rate as classified in their rate schedule.

SPECIAL CHARGE

Consumers requesting net metering shall pay the charges as specified in the appropriate rate class they are classified in.

TERMS OF PAYMENT

The above rates are net. Penalties will be assessed in accordance with established rules and regulation.

AVOIDED COST

For the purpose of calculating the avoided cost in crediting a net metering customer, the cooperative shall, on a calendar year basis beginning in 2009, use the projected delivered cost of power. By using this technique, the avoided cost is more closely representative of the differences in the monthly values per kWh. It is further recognized that beginning with FY2011, the TIER II costs as listed will become the avoided cost and the projected cost of that resource shall be used from that point forward.

Avoided Costs for 2010, Mills / kWh

Oct-09	Nov	Dec	Jan-10	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep
