

Blachly-Lane Heat Pump Rebate Application

Please fill out the front and back of this form, and read and sign the back.
Complete information is required for rebates.

Customer Information (please print clearly)

Customer Number: _____

First Name: _____

Last Name: _____

Installation Address: _____ Apt: _____

City: _____ State: _____ Zip: _____ Home Phone: (____) _____

Mailing Address (if different): _____ Apt: _____

City: _____ State: _____ Zip: _____ E-Mail (optional) _____

House Type:

Site Built _____ Mfg Home _____

Crawlspace _____ Full Basement _____ Half Basement _____ Year House was Built _____

Previous Heating/Cooling System:

Forced Air Electric Forced Air Oil Forced Air Gas Electric Zonal Electric Heat Pump

New Equipment Information:

Date of Installation: _____

Configuration: Split System Package Unit

Heat Pump Type: Air-To-Air Geothermal

Brand: _____ Model: _____ Serial Number: _____

HSPF Rating: _____ SEER Rating: _____ EER: _____

Outdoor Unit Model Number: _____ Indoor Unit Model Number: _____
(Evaporator Coil) (Condenser Coil)

ARI Reference Number: _____

(This will expedite the processing of your rebate form. CONTRACTOR WILL
NEED TO SUPPLY)

Important: To qualify for incentives, heat pump must be installed and certified by an approved HVAC contractor on BPA's Approved Contractor list.

Back page to be filled out by contractor with customer's signature at the bottom

Contractor Information (please print clearly):

Company Name: _____

Company Address: _____ City: _____ State: _____ Zip: _____

Business Phone: _____ Fax: _____ E-Mail _____

Your rebate cannot be processed without all of the following required forms for Heat Pump installations. Please check that the following forms are included with your application.

- I have attached PTCS Heat Pump Commissioning Form
- I have attached a copy of whole house heating/cooling calculation (Manual J or Easy J), and balance point worksheet, or BPA system sizing calculator

Please check that you have attached the following required form for Duct Sealing (if applying for additional rebate)

- I have attached a copy of PTCS duct sealing form

Note: Forms available from PTCS online at: <http://ptcsnw.com/>

By signing below, I certify that my company is listed on BPA's Approved Contractor List, and that our company is certified as a PTCS contractor and have installed and tested this heat pump system to meet PTCS standards for duct tightness, refrigerant charge and air flow.

Contractor Signature _____

Date _____

IMPORTANT: Contractor Signature required to qualify for incentives.
 Check our web site www.blachlylane.coop for other energy efficiency incentives available.

Please circle which rebate applying for:

House Type	Measure	Rebate Amount	Minimum Installation Requirements
*Site-Built w/ Ducts Outside & MFG Home	Heat Pump Conversion from Forced Air Electric Furnace to new Heat Pump	\$900	Minimum HSPF of 8.5 and minimum SEER rating of 14. Must be installed according to PTCS standards by a PTCS certified installer. PTCS Commissioning / Controls & PTCS Duct Sealing are required.
Site-Built w/ Ducts Inside	Heat Pump Conversion from Forced Air Electric Furnace to new Heat Pump	\$700	Minimum HSPF of 8.5 and minimum SEER rating of 14. Must be installed according to PTCS standards by a PTCS certified installer. PTCS Commissioning / Controls are required. PTCS Duct Sealing is not required.
*Site-Built w/ Ducts Outside & MFG Homes	Heat Pump Upgrade from existing Heat Pump, or adding Heat Pump to a system with Gas Backup, or changing to a Ducted System from Zonal Electric Heat	\$450	Minimum HSPF of 8.5 and minimum SEER rating of 14. Must be installed according to PTCS standards by a PTCS certified installer. PTCS Commissioning / Controls & PTCS Duct Sealing are required
Site-Built w/ Ducts Inside	Heat Pump Upgrade from existing Heat Pump, or adding Heat Pump to a system with Gas Backup, or changing to a Ducted System from Zonal Electric Heat	\$250	Minimum HSPF of 8.5 and minimum SEER rating of 14. Must be installed according to PTCS standards by a PTCS certified installer. PTCS Commissioning / Controls are required. PTCS Duct Sealing is not required.
*Site-Built w/ Ducts Outside & MFG Homes	Heat Pump Commissioning, Controls & Duct Sealing	\$350	Any new heat pump. Must be installed according to PTCS standards by a PTCS certified installer. PTCS Commissioning / Controls & PTCS Duct Sealing are required.
