New Homes Efficiency Programs

These efficiency incentives are available for new homes located in Blachly-Lane's service area.

ENERGY STAR® Homes

- New homes constructed to standards of the ENERGY STAR® Homes Program will qualify for a **\$600 rebate**.

Standards:

- **Heat Pumps:**

Heat pumps must have minimums of 8.5 HSPF and 13 SEER.

- Duct testing, sealing and commissioning must be done in accordance with PTCS standards.
- Lighting: A minimum of 75% of sockets must be either ENERGY STAR® bulbs, fixtures, or both.

- **Zonal Heating Systems:**

- A Central Ventilation System is required with 70% heat recovery.
- Lighting: A minimum of 75% of sockets must be either ENERGY STAR bulbs, fixtures, or both.

Energy Star® Manufactured Homes

- Manufactured Homes certified as **Energy Star** from the factory qualify for a **\$400 rebate**.

Energy Star certified manufactured homes have extra insulation and more efficient windows than conventional manufactured homes. It costs less to heat and cool and has a fresh air ventilation system for home comfort.

It is certified to higher standards by qualified inspectors at the factory.
