Subject: Membership and Service Requirements

I. OBJECTIVE

BLEC will protect the value of the cooperative for its members by maintaining sound fee structures and consumer accounting practices.

II. PROCEDURE

A. Any person, firm or corporation, or body public (Applicant) shall apply to become a member of BLEC and accept the responsibilities of membership which will include a membership fee. This Electric Service Agreement (membership) and the associated fee(s), including the facility charge, within the appropriate rate schedule shall be required for all applicants wishing to purchase electrical energy or wishing to maintain the line availability for future electrical service. Each member shall pay BLEC a facility charge. Each member shall pay all amounts owed to BLEC when due.

B. The Membership Fee shall be \$5.

a. Acceptable Credit History

- i. At the time the member applies for service, they must pass a credit check with Online Utility Exchange.
- ii. Anyone disconnected for non-payment within the prior twelve (12) continuous month period will be required to pay a deposit.

The co-signer must sign the *Unconditional Guarantee for Payment* form, accepting responsibility for any unpaid balance on the account if the account holder fails to pay. If the co-signer disconnects service or develops unacceptable credit history, the unconditional guarantee will no longer be acceptable, and a regular deposit will be billed.

E. Interest Earned

1. When a member provides a required security deposit the member shall earn interest that is applied to the deposit and is paid out when the deposit is refunded.
