Rebate offer(s) may be changed or discontinued at any time by Blachly-Lane Electric (BLEC). BLEC disclaims any warranty, whether expressed or implied, regarding the measure(s) listed on this application for any materials or labor associated with installation, maintenance, repair, or any energy savings associated with use.

I understand that the measure(s) must be installed to BLEC specifications, and certify that I, or my contractor, have reviewed the specifications prior to beginning work. When selecting a contractor, I understand that it is the homeowner's responsibility to request proof of insurance and licensing that meets the statutes and rules of the Oregon Construction Contractors Board. BLEC strongly recommends validating qualifications before work begins.

I understand the above and certify that I am a member of BLEC, that the measure(s) are installed at the address indicated on this application and that this address is within BLEC service territory.

Participation in this energy efficiency program allows Blachly-Lane Electric Cooperative to use your electrical energy consumption history for energy savings research. Your consumption history may be shared anonymously with Bonneville Power Administration for energy savings verification and research.

RESIDENTIAL WINDOW REBATE PROGRAM

Steps to Participation

1. Pre-Installation Of Windows

- If the work is to be completed by a contractor, the contractor must submit an estimate of the work to be completed at the site including existing window frame type (metal, wood or vinyl), single or double pane glass and size of each window with the customer rebate application.
- If this is a self-install project, the homeowner must keep the old windows that are replaced on site until after the final inspection of the window project. The homeowner must submit an estimate for the project & the Blachly-Lane Electric Cooperative window rebate application. *Documents can also be mailed to the address on the rebate application, emailed to rebates@esgroupllc.com, or faxed to 503-344-6942.
- After you submit the pre-approval information, you will receive a follow-up letter to confirm that rebate funds have been reserved for six months. If your project is not complete within the six-month timeframe, then you must reapply for rebate funds.

2. Window & Exterior Door Upgrade

- After the audit, you can upgrade the windows in your home or hire a contractor to do the work.
- New replacement windows must have a U-Factor of 0.30 or less to qualify for a rebate.**
- Windows can be replaced all at once, individually, or a few at a time.
- Each new window will have an NFRC sticker attached to the glass. Carefully remove all stickers and make a copy of each one. Retain originals for your records.
- Each new exterior door must be ENERGY STAR[®] rated & may have an NFRC sticker attached to the door verifying that it is ENERGY STAR[®] rated. Remove the sticker and make a copy of the sticker. Retain originals for your records. Verification that the door is ENERGY STAR[®] rated must be in the final paperwork. Exterior door must replace an un-insulated door.

3. Post-Installation Inspection

- Call 1-888-883-9879 to request a no-cost final inspection of your newly upgraded windows. Inspections are scheduled for the beginning and the middle of each month. You will be contacted two to three days prior to the inspection with your scheduled date and time. You do not need to be home during the inspection provided there is outside access to all windows. Please unlock gates and restrain your pets before your scheduled inspection. You are required to have a post-installation inspection each time you upgrade windows in your home.

4. Request Your Rebate

At the time of the final inspection, the utility representative will collect the following required rebate documents:

- Contractor final invoice(s), or receipt(s) if self-installed, including window measurements
- Completed Residential Window and Insulated Door Rebate Application
- Copy of one NFRC sticker for each window and or door replaced or manufacturer window order confirmation with U-factor

5. Receive Your Rebate

You can expect to receive your rebate 8 to 10 weeks after the final inspection and receipt of all required documentation.

All work must meet Bonneville Power Administration (BPA) and Blachly-Lane Electric Cooperative program requirements. For additional questions, call 888-883-9879
